

SENATOR BARNETT: Just a minute. Senator Lewis.

SENATOR F. LEWIS: Just a question. I apologize for being out. The Bereuter amendment and the bill are still before us on Select, is that right?

CLERK: The Bereuter amendment has been adopted.

SENATOR BARNETT: It's already on the bill.

SENATOR F. LEWIS: Okay.

SENATOR BARNETT: Read the next amendment.

CLERK: The next amendment, Mr. President, is offered by Senator Simon, found on page 1139 of the Journal. Senator Simon.

SENATOR BARNETT: Senator Simon. What page was that again, Mr. Clerk?

CLERK: Page 1139.

SENATOR SIMON: Mr. President, members of the Legislature. What this amendment would do, and I've just handed out....

CLERK: Well don't you want to withdraw the one on 1139?

SENATOR SIMON: Fine. I'll ask for unanimous consent to withdraw this one and have one that more fully explains it.

SENATOR BARNETT: Is there any objection to withdraw the amendment on page 1139? If not, so ordered.

CLERK: Then, Mr. President, Senator Simon offers another amendment. (Read Simon amendment found on page 1135 of the Journal).

SENATOR BARNETT: Senator Simon.

SENATOR SIMON: Mr. President, members of the Legislature. This really is the same amendment. When I wrote it out in a hurry I just put 50 percent would go to the Game and Parks, 50 percent would go to the General Fund. What I've done here is put in the specific language exactly where it goes so that you'd know exactly. I've handed out a copy of these to each of you. What this amendment will do then is that 50 percent of the money that is generated, actually 40 percent of the money that is generated will go to the General Fund, 50 percent of the money will go to the NORDA program, and 20 percent will go to the Habitat. It is because the 20 percent is taken off the top, so that goes to the Habitat, then 50 percent of the NORDA, and 50 percent of the General are split. That comes out to 40 percent each. What we're talking about, in dollars and cents so that you can understand then, is on a projected revenue of \$4.2 million you would have.... The Heritage, Senator Duis, would be covered under the NORDA, that is for the NORDA. The Habitat would receive about \$343,000, NORDA would be \$1,636, and the same for the General. The 200,000 plus dollars that we allocated for the Historical Society would be included as part of the money for NORDA. I think that this is....I've talked to Senator Reutzel. I think this is a reasonable compromise. I supported the bill all along, but I can see the handwriting on the wall. Being a realist I figure that
